**Chair Pierce** opened discussion to public – comments from public:

**Dennis Jordan**, Toyon Avenue, noted that he moved there in 1985 and tot lot was already there, he suggested moving basketball court from across the street and building a playground on existing court. Asked if a playground was put back would PG&E ask City to remove it.

**Lloyd Chaney**, Fleetwood Avenue, noted that he has live here 47 years and his kids grew up playing there and feels we need a park in community.

**Tom Eden**, Fleetwood Avenue, is in favor of a child's park. Area behind building is not visible from street and concerned with safety.

**Kathy Jordan**, Toyon Way, agrees with others and like to take grandchildren to a park in her neighborhood, would like to see some play equipment to use.

**Director Schwartz** read a letter from Sharon-Ann Baum, Claremont Drive and e-mail from Jo-Ann Murphy who could not be in attendance at meeting, both stating they would like to see park renovated.

**Director Schwartz** summarized the next steps as:

- Determine funding options for any improvements

**Chair Pierce** thanked public for attending, discussing possibilities and for their thoughts.

**1. c Dog Park Committee – Director Schwartz** announced that commissioners visited various sites in City for potential dog areas. Sub-Committee met on June 16, 2009. **Chair Pierce** said that Ad-hoc Committee is still working on various ideas and would like holding this until Ad-hoc Committee has concluded.

**Chair Pierce** opened discussion to public – comments from the public included:

- Clarify potential sites in community
- Consider all options, not just a single site
- Outcome needs to be cost conscience
- Mixed use site (combining dogs & other park use) – with preference given to children's program
- Times for dogs to be off leash in selected parks
- D.O.G. (Dog Owners & Guardians) group is willing to help pay for costs – potentially associated with permits to use park

The Commissioners agreed that the Commission's Dog Park Committee and public would consider other sites options, that the Committee would meet with D.O.G. representatives and that staff would bring the wish list of Commodore improvements to next meeting.
